TURBINES & MACHINES

A TURBOMACHINERY SERVICE CENTER

ABOUT US

Since our opening in 1998, our clients have consistently partnered with us due to our ease and adaptability. Part of that adaptability is our highly qualified technicians who have a combined experience of over 600 years.

As of 2019, T&M has gone through a management change. Our new leadership is determined to provide the immediate, customer-focused services that we've been known for since 1998.

LEARN MORE

OUR SERVICES

We offer a wide range of services and speciality products mainly in the industries of power, water treatment, and refinery. The most popular equipment that we service are pumps, valves, baskets, and diaphragms. For more information on how we can service your equipment, contact us by phone, email or visit our website.

EMERGENCY SERVICES

We offer our clients immediate, 24/7 service anytime and anywhere with quality assurance guaranteed in order to put your equipment back into service efficiently and ahead of schedule.

OUR TEAM

Our team of highly qualified technicians have worked all around the U.S. and abroad in over five countries. With a combined experience of over 600 years, our technicians complete diagnostics and repair work with quality assurance.
